

General Rules

BE HONEST

-An attempt is an attempt, please mark it accordingly

-Volumes are always on

-Two signatures need to be different people, you cannot sign your own paper. Doing so will get you Disqualified (DQ'd). Signers also need to have watched your whole attempt.

-You may complete in a lower Heat, and choose to bump up heats if you think it is to easy. Push hard!

-Our staff can be flagged over for any rule clarifications or to watch your attempt & sign.

ALL ROUTES TOP OUT

-Stick to your route color til you are safely over the wall for it to count

DON'T. SPRAY. BETA.

Do not give solutions to routes without request. For many, the fun from Bouldering comes from figuring out the problem, let everyone have a chance to enjoy it

And of course...
